CICM Level 2 Awards and Qualifications in Credit Control & Collections

For baseline skills and knowledge

The Chartered Institute of Credit Management's Level 2 entry level programme provides core skills and knowledge in the areas of credit control, collections and associated subjects. Learners can either take a single CICM unit award or complete a selection of units to gain the CICM Certificate or Diploma.

Awarded by the largest recognised professional body for the credit management community in the world, the CICM Level 2 awards, Certificate and Diploma in Credit Control & Collections are internationally recognised and regulated by the Office of Qualifications and Examination Regulations (Ofqual). CICM also holds End Point Assessment Organisation status for Credit Management apprenticeships.

Awards in Credit and Collections

Level 2 entry level unit awards demonstrate knowledge and skills in a specific area of credit control /collections. Learners gain a unit award certificate following successful completion of an examination or assignment. Unit awards can be used towards a Certificate or Diploma in Credit Control & Collections. The unit awards are designed for roles such as credit controllers, collectors, credit analysts and ledger clerks, and people for who credit management forms part of their role. CICM unit awards form part of the Level 2 Credit Controller/Collector apprenticeship.

Entry level Certificates and Diplomas in Credit and Collections

The Certificate and Diploma qualifications establish the level of competency required for roles such as credit controllers and telephone collectors. They demonstrate expertise and detailed knowledge in credit control & collections work.

Progression

Following completion of the entry level Certificate and/or Diploma in Credit and Collections at Level 2, candidates can progress onto the Level 3 Diploma in Credit and Collections. See CICM website for more detail.

Learning hours

CICM currently recommends a total qualification time of between 46 and 101 learning hours per award, depending on the unit chosen. You will find the total qualification time for each award in each of the unit details. These can be found from page 11 onward.

A CICM Certificate takes about a year to complete and a CICM Diploma takes about two years to complete, depending on how many awards a learner takes at one time and whether any units are exempted because of other qualifications.

Ofqual Level 2 level descriptors

The following summarises the level of achievement required to pass the units and qualifications:

<p>Knowledge and understanding</p>	<ul style="list-style-type: none"> • Use understanding of facts, procedures and ideas to complete well-defined tasks and address straightforward problems. • Interpret relevant information and ideas. • Be aware of the types of information that are relevant to the area of study or work.
---	--

<p>Application and action</p>	<ul style="list-style-type: none"> • Complete well-defined, generally routine tasks and address straightforward problems. • Select and use relevant skills and procedures • Identify, gather and use relevant information to inform actions. • Identify how effective actions have been.
<p>Autonomy and accountability</p>	<ul style="list-style-type: none"> • Take responsibility for completing tasks and procedures. • Exercise autonomy and judgement subject to direction or guidance as needed.
<p>Summary Level 2</p>	<p>Achievement at Level 2 reflects the ability to select and use relevant understanding, ideas, skills and procedures to complete well-defined tasks and address straightforward problems. It includes taking responsibility for completing tasks and procedures and exercising autonomy and judgement subject to overall direction or guidance.</p>

Entry requirements

There are no minimum Level 2 entry requirements. If learners are unsure as to whether the Level is suitable for them, they are encouraged to contact the CICM for assistance. Useful contact details can be found at the end of this syllabus.

Level 2 and Level 3 learners study from the same learning materials and results depend on the level of response in an examination or assignment. The level of the final qualification will depend on the level of units that are passed.

Candidates need to decide whether they are aiming for a Level 2 or a Level 3 qualification. It is recommended that learners take either the Credit Management or Consumer Collections online exam as results from these units can be allocated to either a Level 2 or a Level 3 qualification.

Learners must include a Credit Management principles or Consumer Collections unit in their selection to gain a CICM Diploma.

Study methods

There are a range of study methods and learning providers for each unit: home study, supported distance learning, evening classes, e-learning or virtual classrooms. Classes tend to start in January, June and September (see CICM website for details) although supported distance learning learners start at any time.

Learning resources

CICM publishes study guides which have links to electronic resources and wider reading (see CICM website for details). The CICM Awarding Body supplies the current assignments, where relevant, and learners can download from the website the following:

- Syllabus
- Moderator reports for written assessments
- Level 2 learner guidance booklet
- Depending on assessment method and learning package learners may also access past examination reports and sample multi choice questions.

Registration with the CICM

Learners are required to register with CICM in order to take the Chartered Institute's assessments because teaching centres do not handle this process. Fees are split into registration fees and assessment entry fees to enable CICM to provide additional learner support and effectively monitor the quality of provision of learning providers.

The Chartered Institute has an open entry policy and to register, learners just need to complete and return a registration application form with appropriate fees. Contact CICM Awarding Body for information. E: awardingbody@cicm.com or T: +44 (0)1780 727272.

Study methods, resources, assessments and the Chartered Institute's customer service policy and complaints procedure are explained on the CICM website www.cicm.com.

CICM Professional Qualifications and membership

On registration with the CICM Awarding Body learners automatically receive studying member membership of the Chartered Institute of Credit Management (non-designatory grade). This provides a range of support (see website for details). On achievement of the Level 3 intermediate Diploma, learners are eligible to Associate Membership (ACICM) and the Chartered Institute offers Graduate membership (MCICM (Grad)) following completion of the CICM Level 5 Diploma.

Assessment methodology

Some awards involve a final online examination and others are assessed by a written assignment which requires work-based evidence. Most units are assessed in January, March, June and October. Assessment is available in the English language.

For Level 2 units, candidates will receive a 'Level 2 pass' or 'fail/refer' grade for each unit, depending upon their level of achievement in the assessment.

Candidates must achieve all learning outcomes to gain a pass.

Additionally, for every unit candidates will receive a percentage mark and details about the pass mark if they submit an assignment or complete an online exam.

Grading

The entry level Certificate and Diploma have pass/fail grades only. Unit award grade bands are:

Assessment re-sits/resubmissions

There are no restrictions on the number of times a student can re-sit or resubmit an assignment for a unit they have failed.

Results and certification

CICM notifies grades in a results letter and candidates can access results online on the published results day. Approximately six weeks later, candidates receive a certificate for unit award passes and a final qualification certificate if they have achieved the Level 2 Certificate or Diploma.

Exemptions

The Institute assesses exemptions for units or for other business related qualifications on an individual basis, following standard exemption arrangements (see CICM website).

CICM will recognise exemptions from previous units to new units for learners who are part way through the Level 2 Certificate or Diploma in Credit Management.

Arrangements for adjustments

The CICM will make adjustments to assessments to ensure equality of opportunity and to enable learners with particular conditions to demonstrate their knowledge, skills or understanding. Please contact the CICM for the guidance booklet which explains how a learner qualifies for an adjustment and what adjustments will be made.

Elective Awards

Assignment based units

There are a range of assignment based units:

- Level 2 Credit Control & Collections
- Level 2 Commercial Telephone Collections
- Level 2 Business Communications & Personal Skills
- Level 2 Consumer Telephone Collections

Learning for these units tends to be 'on the job'. Candidates complete a short assignment to demonstrate their level of competency.

Elective Awards

CICM assignment-based assessments are units which help improve effectiveness, for example, in credit risk management. They are based on one day or half day seminars and do not involve examinations. Instead you complete an assignment which helps build knowledge of how your company expects work to be carried out, and develop your skills through reflective practice.

Each unit is individually certificated. Additionally, it gives credits towards a CICM Certificate or Diploma in Credit & Collections. You will need to find a coach to help you with the assignment and act as your mentor. This could be your line manager, a tutor or another person with experience in training or credit management. Your coach will provide advice, check that you have completed fully each section and verify that the assignment is your own work.
